CHEM 121	Introduction to Quantum Chemistry	One (1) Lecturer with Masters/PhD in Inorganic Chemistry
CHEM 122	Organic Chemistry I	One (1) Lecturer with Masters/PhD in Inorganic Chemistry
CHEM 221	Physical Chemistry II	One (1) Lecturer with Masters/PhD in Physical Chemistry
CHEM 222	Stereochemistry and Reaction Mechanism	One (1) Lecturer with Masters/PhD in Organic Chemistry
CHEM 321	Chemistry of Co-ordination Compounds	One (1) Lecturer with Masters/PhD in Inorganic Chemistry
		One (1) Technologist with Diploma in Analytical Chemistry or Laboratory Technology
CHEM 323	Analytical Chemistry I	One (1) Lecturer with Masters/PhD in Inorganic Chemistry
CHEM 326	Research Methods and Seminars in Chemistry I	One (1) Lecturer with Masters/PhD in Inorganic Chemistry
CHEM 421	Comparative Study of d and Block Elements	One (1) Lecturer with Masters/PhD in Inorganic Chemistry
CHEM 422	Organic Spectroscopy	One (1) Lecturer with Masters/PhD in Organic Chemistry
CHEM 423	Analytical Chemistry I	One (1) Lecturer with Masters/PhD in Inorganic Chemistry
CHEM 439	Research Methods and Seminars in Chemistry II	One (1) Lecturer with Masters/PhD in Inorganic Chemistry
BIOC 121	Human Morphology, anatomy & Physiology	One (1) Lecturer with Masters/PhD in Biochemistry
BIOC 122	Introductory laboratory techniques & practice	One (1) Lecturer with Masters/PhD in Biochemistry
BIOC 221	Basic Biochemistry	One (1) Lecturer with Masters/PhD in Biochemistry
		One (1) Technologist with Diploma in Biochemistry or Laboratory Technology
BIOC 421	Clinical Biochemistry	One (1) Lecturer with Masters/PhD in Biochemistry
		One (1) Technologist with Diploma in Biochemistry or Laboratory Technology

## 2. DEPARTMENT OF COMPUTING AND INFORMATICS

### SEMESTER II: JANUARY - APRIL 2025

BICT 223	Platform technologies I	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
BICT 421	Management Information System	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 122	Digital Electronics I	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 124	Procedural Programming (COMP / BICT)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)

	COMP 125	Database Systems I (Introduction to Database) (COMP / BICT)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 227	Object Oriented Programming II (For COMP and BICT Groups)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	BICT 125	Operating Systems	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 224	Internet of Things (IOT) (COMP / BICT)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 226 & BICT 221	Computer Networks (For COMP and BICT Groups)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 429	Simulation and Model Building	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	BICT 323	Open Source and Linux	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 322 & BICT 325	Computer Systems Security (For COMP and BICT Groups)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 121	Discrete Structures II (COMP/BICT)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 423 & BICT 422	Legal and Ethical Issues in Computing / Professional Ethics and Information Law ( for COMP and BICT Groups)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 321	Computer Graphics	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 323 & BICT 322	Research Methods and Technical Writing (For COMP and BICT Groups)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	BICT 423	Business Process Outsourcing	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 222	Assembly Language Programming and Microprocessor Systems	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 225 & BICT 225	Data Structures and Algorithms (For COMP and BICT Groups)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 325	Principles of Programming Languages	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)

MATH 221	Linear Algebra I	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
ECON 100	Introduction to Economics (For COMP and BICT Groups)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
BICT 416	Principles of Programming Languages	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 314 & BICT 316	Mobile Application Programming (For BICT and Comp Science Groups)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 211 & BICT 212	Object Oriented Programming I / Object-Oriented Systems and Design (For BICT and Comp Science Groups)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 421 & BICT 327	Emerging Issues in IT / Emerging Technologies in ICT	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
BICT 324	Network and System Administration	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 111	Introduction to Computer Applications	Five (5) Lecturers with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 126	Electrical Principles	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
BICT 326 & COMP 223	Artificial Intelligence / Introduction to AI	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
BICT 425	Data Analytics and Business Intelligence	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 428	Machine Learning and Big Data Analytics	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 324 & BICT 321	Human-Computer Interaction (For COMP and BICT Groups)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 123 & BICT 124	Introduction to Internet Technologies (For COMP and BICT Group)	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
BICT 222	Digital Logic	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 425	Unix OS and Programming	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)

	PHYS 123	Introduction to Quantum Physics	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	PHYS 423	Electromagnetic Theory	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	PHYS 222	Introduction to Material Science	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 326	Knowledge-Based Systems	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	BICT 424	Electronic Commerce	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 221	Automata Theory	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 422	Entrepreneurship And Business Management	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
<b>SEMESTER I: SEPTEMBER - DECEMBER 2024</b>			
	BICT 315	Wireless And Mobile Computing	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 311	Compiler Construction and Design	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 111	Introduction To Computer Application	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	BICT 215	Computer-Aided Design	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	BICT 312	Network Programming	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	PHYS 120	General Physics	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	PHYS 312	Quantum Mechanics I	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	PHYS 413	Atomic and Nuclear Physics	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
	COMP 312 & BICT 311	Software Engineering	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)

COMP 412 & BUST 111	Management Information Systems	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 315	Principles of Operating Systems	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 416	Cloud Computing	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
BICT 411	Network and System Administration II	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
BICT 112	Mathematics for IT	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 316 & BICT 313	Advanced Database Systems with Oracle	MSc in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 214 & BICT 216	Application Development for the Internet/ Web Systems and Technologies II	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
BICT 412	Information Security Audit and Assurance	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 114	Discrete Structures I	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 213	Computer Organisation and Architecture	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 215	Systems Analysis and Design	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
BICT 415	Knowledge-Based Systems	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 216	Introduction to Data Communications and Computer Networks	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 317 & BICT 314	Software Project Management / ICT Project Management	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)
COMP 212	Digital Electronics II	One (1) Lecturer with Masters in (IT, Comp Sci., IT security, Distributed Sys, and any other related field to computing)

### 3. DEPARTMENT OF EART SCIENCES

	Geographical Information System (GIS)	Two (2) Technicians with specialization in Geographical Information System (GIS)
	Physical Geography	Two (2) Lecturers with specialization in Physical Geography
	Human Geography	One (1) Lecturer with specialization in Human Geography
	Soil Science	One (1) Lecturer with specialization in Soil Science

**Vision :** A University for Valued Transformation of Society

**Mission:** To serve students and society through research, education, scholarship, training, innovation, outreach and consultancy

Laikipia University is ISO 9001:2015 and ISO/IEC 27001:2013 Certified

	Environmental Science	One (1) Lecturer with specialization in Environmental Science
<b>4. DEPARTMENT OF MATHEMATICS</b>		
	Descriptive Statistics	Two (2) Lecturers with specialization in Descriptive Statistics.
	Inferential Statistics	Three (3) Lecturers with specialization in Inferential Statistics.
	Applied Statistics	One (1) Lecturer with specialization in Applied Statistics.
	Pure Mathematics	One (1) Lecturer with specialization in Pure Mathematics.
<b>5. DEPARTMENT OF BIOLOGY AND BIOLOGICAL SCIENCES</b>		
<b>BOTANICAL COURSES</b>		
<b>SEMESTER I: SEPTEMBER - DECEMBER 2024</b>		
BOTA 122	General Microbiology	One (1) Lecturer with PhD or Masters in the relevant area of specialization
BOTA 312	Plant Growth and Development	One (1) Lecturer with PhD or Masters in the relevant area of specialization
BOTA 211	Phycology	One (1) Lecturer with PhD or Masters in the relevant area of specialization
BOTA 212	Taxonomy of Higher Plants	Two (2) Lecturer with PhD or Masters in the relevant area of specialization
	BOTA 315 Ecophysiology	One (1) Lecturer with PhD or Masters in the relevant area of specialization
<b>Botany Technologists</b>		
BOTA 112	General Botany	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 113	General Genetics	Two (2) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 121	Plant Anatomy and Morphology	Three (3) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 122	General Microbiology	Three (3) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 211	Phycology	Two (2) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 212	Taxonomy of Higher Plants	Three (3) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training

BOTA 222	Plant Physiology I	Two (2) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 312	Plant Growth and Development	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 315	Ecophysiology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 411	Plant pathology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 412	Plant Biochemistry	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 416	Plant Physiology II	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
<b>Zoology Technologists</b>		
ZOOL 113	General Zoology	Two (2) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 112	Lower Invertebrates	Two (2) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 211	Ecology	Two (2) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 212	Cell biology	Three (3) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 311	Animal Physiology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 312	Fundamentals of Entomology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 313	Animal systematics and evolution	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 411	Comparative Animal Physiology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 412	Protozoology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training

<b>Biomedical Courses</b>		
BMED 214	Laboratory Animal Science	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology
BMED 311	Molecular Physiology of Eukaryotes	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology
BMED 314	Molecular Biology of the Gene	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology
<b>Biomedical Technologists</b>		
BMED 112	Introduction to Biomedical Science	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 211	Medical Cell Biology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 212	Pathophysiology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 312	Bacteriology and Mycology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 315	Fundamentals of Enzymology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 411	Principles of Immunology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 412	Laboratory Recombinant DNA Techniques	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 413	Environmental Toxicology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 414	Animal Cell Culture	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 415	Fundamentals of Bioprocessing	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
<b>BOTANY UNITS</b>		
<b>SEMESTER II: JANUARY - APRIL 2025</b>		
BOTA 121	Plant Anatomy & Morphology	One (1) Lecturer with PhD or Masters in the relevant area of specialization
BOTA 321	Advanced microbiology Technologists	One (1) Lecturer with Diploma or Bachelor's Degree in either applied biology with relevant area of training
<b>Botany Technologists</b>		

BOTA 113	General Genetics	Two (2) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training

BOTA 122	General Microbiology	Two (2) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 221	Mycology	Two (2) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 222	Plant Physiology I	Two (2) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 223	Introduction to Plant Pathology	Three (3) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 321	Plant Ecology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 421	Molecular and microbial genetics	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BOTA 422	Industrial microbiology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
<b>Zoology Units</b>		
ZOOL 122	Vertebrate Zoology	One (1) Lecturer with PhD or Masters in the relevant area of specialization
ZOOL 211	Ecology	One (1) Lecturer with PhD or Masters in the relevant area of specialization
ZOOL 213	General Parasitology	One (1) Lecturer with PhD or Masters in the relevant area of specialization
ZOOL 223	Vertebrate Anatomy & Physiology	One (1) Lecturer with PhD or Masters in the relevant area of specialization
ZOOL 321	Developmental Biology	One (1) Lecturer with PhD or Masters in the relevant area of specialization
ZOOL 421	Population biology	One (1) Lecturer with PhD or Masters in the relevant area of specialization
ZOOL 425	Animal behavior	One (1) Lecturer with PhD or Masters in the relevant area of specialization
<b>Zoology Technologists</b>		
ZOOL 121	Higher Invertebrates	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training

ZOOL 122	Vertebrate Zoology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 221	Arthropod Biology	Two (2) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 222	Histology	Two (2) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 213	General Parasitology	Three (3) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 211	Ecology	Three (3) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 223	Vertebrate Anatomy & Physiology	Three (3) Technologists with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 321	Developmental Biology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 322	Helminthology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 421	Population Biology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
ZOOL 425	Animal behaviour	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
<b>Biomedical Sciences Courses</b>		
BMED122	Human Histology and Physiology	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields
BMED224	Medical Protozoology	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields
BMED 321	Anabolism and Catabolism of Biomolecules	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields
BMED 322	Introductory Biophysics	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields
BMED 324	Drugs and Foods Standardization	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields
BMED 327	Radiobiology and Radiotracer Techniques	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields
BMED 421	Instrumentation in Biomedical Science	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields

BMED 422	Clinical Pathology	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields
BMED 423	Biomedical Endocrinology	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields
BMED 424	Laboratory Safety Management	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields
BMED 425	Emerging issues in Biomedical Science	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields
BMED 426	Bioethics and Intellectual Property Rights	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields
BMED 427	Research Principles in Biomedical Science	One (1) Lecturer with PhD or Masters Biomedical sciences or Molecular biology, pharmacology or related fields
<b>Biomedical Sciences (Technologists)</b>		
BMED 121	Human Anatomy and Development	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 122	Human Histology and Physiology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 223	Microbial physiology and Genetics	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 224	Medical Protozoology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 225	Medical Virology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 226	Medical Helminthology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 325	Pharmacology and Therapeutics	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 326	Drug Delivery Systems	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 421	Instrumentation in Biomedical Science	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 422	Clinical Pathology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
BMED 423	Biomedical Endocrinology	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training

BMED 424	Laboratory Safety Management	One (1) Technologist with Diploma or Bachelor's Degree in either applied biology with relevant area of training
